## **Exhibit at BIO Asia-Taiwan 2025**

We pleased to announce its participation in the "BIO Asia-Taiwan Exhibition 2025," to be held at the Taipei Nangang Exhibition Center in Taipei, Taiwan, from Thursday, July 24, to Sunday, July 27, 2025.

Venue : Taipei Nangang Exhibition Center

Dates : Thursday, July 24, 2025 – Sunday, July 27, 2025

Booth Number : J916

Official Website Exhibitor Page : <https://www.chanchao.com.tw/healthcos/visitorExhibitorDetail.asp?comNo=299028&sno=207042>

At our booth, we will showcase a range of functional food ingredients and cosmetic ingredients that cater to both internal and external beauty care. This includes "Sakura Lactic Acid™," a nano-sized multifunctional ingredient launched in 2024 with benefits for gut health, immune activation, beauty, and femcare. We will also feature rice-derived ingredients such as "Oryza Ceramide™" and "Oryza Polyamine™," which have seen significant export success in recent years, particularly in Southeast Asia, the United States, China, and Taiwan.

Beyond exporting functional food and cosmetic ingredients, We also offers ODM services, ranging from health food planning to contract manufacturing, primarily for international clients who are developing unique product trends. Our strengths include our experience in expanding the "Oryza Bright & AC" series of original health foods and cosmetics in the Vietnamese market, and our ability to propose formulations and final product packaging (hard capsules, tablets, gummies, powdered/liquid beverages, etc.) leveraging our network of overseas subsidiaries and sales offices.

We invite all those considering formulations for overseas products to visit our booth. We will provide information on our unique, niche-leading functional food and cosmetic ingredients, which are backed by solid evidence and deliver tangible benefits, along with our latest research findings.

Sincerely,  
Oryza Oil & Fat Chemical Co., Ltd.
